Essential Service Funerals

Harding's Funerals have two levels of essential service funerals. Both plans are subject to terms and conditions as set below:

We gently advise that these services are not funeral ceremonies involving a celebrant. There is a limit of up to 20 people at our chapel. Flowers, photo presentations, service sheets, and the like will not enter into this arrangement unless organized independently by the family. Burial options with similar criteria are available at request.

The Essential service cremation and Gentle Farewell Cremation both include the following.

- Transfer from place of death within Hawera boundaries and essential mortuary care.
- A one-hour interview during working hours ideally at our lounge to complete legal paperwork and obtain medical certification.
- Preparing relevant documentation advisements to WINZ, MedicAlert, Pacemaker, and BDM Registrars
- Funeral notice on our website
- Completion of documentation for cremation or burial requirements

Extra travel outside the Hawera boundary is additional. Casket cost may vary due to suitability. Cremation time is at the council's discretion. Burial fees are additional to these packages.

A: Essential service cremation **3960.00**

- There is no viewing, or time given over to a farewell this is to be done before we bring the deceased into our care.

B: Gentle Farewell Cremation **5390.00**

- It is an opportunity for close friends and family to gather at our chapel to say farewell. A casket can be upgraded at the family's cost.

Memorial service **3190.00**

- For a custom arranged memorial service following a cremation, add this fee to either the gentle farewell or the essential service cremation. Additionally, arrange the choices and disbursements required for the service and these will be invoiced to you.

Family/ Whanau Run Service **5900.00**

This service fee covers below

- Personal attendance to get relevant BDM info from whanau
- Transferring the deceased into our care
- Liaising with medical authorities regarding medical certificates
- Preparing and organising newspaper notices
- Use of facilities for dressing and viewing
- Aftercare of the deceased as necessary

In addition, a casket must be chosen at additional cost. Our attendance at a funeral will change this fee to our professional fee.
